

The Symbol of

Accurate, Automatic Air Service

Announces...

New **DESIGNS** *New* **HIGH SPEED OPERATION**

Speed—and still more speed!
Such is the demand of today's motorists . . . and such is your opportunity to win their business by giving them what they demand.

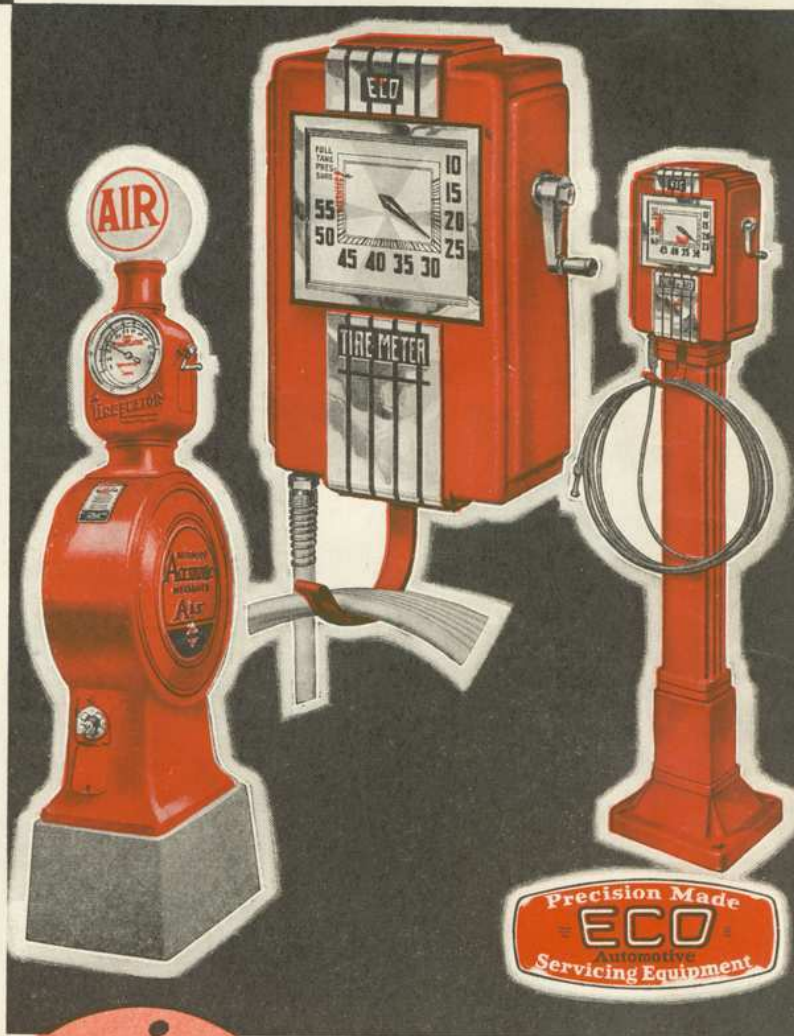

That is why ECO Tiremeters and Tireflators in their new modern designs and with new **HIGH SPEED OPERATION** have won a prominent place in the specifications of alert, up-to-the-minute stations.

"There's Profit in the Air!" . . . Cash in on it with ECO Accurate Measured Air Equipment.
